

The Leap is a network for thriving professional women.

Designed for women at all career stages, The Leap is your destination for community, networking, and professional development.

We are Strong as Individuals, and Unstoppable Together:

Small Cohorts

When you join The Leap, you'll join a small cohort of other professional women—your go-to group for accountability, growth, and networking.

The Leap Network

In addition to your cohort, you will have access to the full, private network—it's like your contact list on rocket fuel, connecting you to women at all stages of career and experience.

6-Week Accelerator

Your cohort will experience a 6-week transformational onboarding via an online accelerator course covering stress and anxiety, fear of failure and rejection, healthy self-identity, overcoming imposter syndrome, and more.

Continuous Education

Access on-demand content curated to be concise (5-10 mins), highly valuable, and immediately actionable. New content is driven by your needs, questions, and requests.

Masterclass Webinars

Each month, our community will host *The Leap Live*. This longer-format webinar series feature specific topics with ample Q&A time built-in. Members will be able to ask questions and connect with our expert content providers.

Lifelong Development

The Leap is designed to be your forever network: a place to make "the leap" from one career to the next; from one place to the next; from one phase of life to the next. We've all been there—it's time to be there for each other.

Do You Know a Woman Ready to Take The Leap?

In addition to individual memberships, **leaders and companies have a unique opportunity to invite professional women in their circles to take The Leap together.** Sponsoring the Leap memberships is a way to directly develop high-potential women leaders on your teams. Human Resource or Learning departments may send a strong message of empowerment for female employees by using The Leap as a professional membership or development. **Let's take The Leap—together.**
