SIGNATURE PROGRAM ESSENTIALS

PROGRAM CURRICULUM

Leadership Columbus’ curriculum is designed to foster teamwork both within the class community (Program Days) and through participation in a Community Impact Project. The curriculum is built on opportunities for class participants to stretch outside their comfort zones and leverage diverse points of view.

Furthermore, the entire experience is based on adult learning models that are proven most effective, including seminars, skill and team-building exercises, experiential activities, facilitated role-playing modules and interaction with community leaders.

Therefore, individuals are accepted into the program based not only on their individual potential to develop leadership skills, but also what they can contribute to enrich the educational experience for all.

All program curriculum is reviewed annually (which includes past participant feedback) to ensure it is diverse, equitable, inclusive and anti-racist. Leadership Columbus strives to interrogate content and experiences so all who participate in Leadership Columbus feel included, celebrated and that they belong.

COMMUNITY IMPACT PROJECT

In addition to attending the monthly program days, class participants also commit to participate in a group project in conjunction with a local nonprofit organization. The project's subject and scope is determined by the team and the nonprofit organization, and its purpose is two-fold: to serve as a laboratory to utilize and further develop one's leadership capacities and to provide a solution/benefit to the partnering organization.

NONPROFIT BOARD GOVERNANCE TRAINING

Leadership Columbus is offering an additional optional Program Day on June 22, 2023 that is focused on nonprofit board governance training.

Our Nonprofit Board Governance Training is designed to provide participants with the essential education and training needed to support, develop and hone board governance skills that are critical to the success of nonprofits in our region. By ensuring individuals have the tools and insights they need to be effective and impactful board members, both the individual and the organization they serve benefit. Whether you are looking to get involved in a nonprofit board or are already serving on a board and want to enhance your expertise, this training will help you get the most out of nonprofit board service.

Formatted into a one-day training, the session combines information on board governance standards and best practices with first-hand experiences from people actively serving in the field to create a unique and enriching educational opportunity.

Participants will learn about:

- Roles and responsibilities of nonprofit boards and board members
- Board governance models, modes and techniques for generative governance
- Financial literacy and fiduciary responsibilities of board members
- Ethics and conflicts of interest
- Fundraising and more

The cost for Nonprofit Board Governance Training is \$500/person. You can indicate your interest in participating in the training on the online application form.

TUITION

Tuition for the Class of 2023 is \$5,225. Accepted participants have the option of adding Nonprofit Board Governance Training for an additional \$500.

OPTIONAL QUESTION:

4. Is there anything else you would like the Selection Committee to know about you that you believe would assist in the selection process?

APPLICANT/SUPERVISOR ATTENDANCE AGREEMENT

In addition to the above cited criteria, participant selection is also based not only the strength of individual applications, but also the potential for their unique contributions to the collective learning experience.

Therefore, a commitment to attendance is critical. As a result, successful completion of the program stipulates that participants miss no more than one program day. The absence can take the form of one non-mandatory program day or two half days. Late arrivals and early departures are considered half-day absences. There is no opportunity for make-up sessions or extra credit to allow for missed absences.

NOTE! Attendance is MANDATORY at the 48-hour Opening Retreat on October 3-5, 2022, Simulated Society (SIMSOC) Program Day on October 20, 2022 and the Closing Retreat on June 8, 2023.

A participant who fails to meet any of the above requirements will be asked to withdraw from the program and is not eligible for Graduation. We realize that circumstances arise that can impact even the best of intentions. We will evaluate these situations on a case-by-case basis, and disposition of the individual's participation will be determined by the Leadership Columbus Board of Trustees, the Executive Director and the Program Director. If dismissal occurs, there will be no refund of any portion of tuition money.
